---

## Professional Summary

Aspiring Full-Stack Developer with a strong foundation in front-end and back-end technologies. Experienced in developing responsive, user-focused web applications using HTML, CSS, JavaScript, Node.js, and MongoDB. Proficient in building scalable, maintainable codebases and collaborating in Agile environments. Passionate about clean UI/UX design, functional APIs, and continuous learning.

---

## Education

### Bachelor of Computer Applications (BCA)

Kerala University — *Graduated: 2023*

**Final Project:** *Leave Management System* – Full-stack application for managing employee leave workflows (available upon request)

---

## Technical Skills

- **Frontend:** HTML, CSS, JavaScript, Bootstrap, Responsive Design
  - **Backend:** Node.js, Express.js, REST APIs
  - **Database:** MongoDB
  - **Tools & Platforms:** Git, GitHub, Vercel
  - **Design:** Figma, UI/UX Prototyping
  - **Other:** Agile Methodologies, Version Control, Deployment, Debugging
- 

## Internship Experience

## **Technical Assistant – Digitalization Department**

*C-DIT, Govt. of Kerala — Sep 2024 – Feb 2025*

- Supported system enhancement for digital documentation platforms.
- Assisted with backend data processes to improve digital workflows.

## **Software Engineer Intern**

*Stackmod Innovation — Apr 2024 – Jul 2024*

- Built full-stack applications using Node.js and MongoDB.
- Developed RESTful APIs and integrated with dynamic front-end components.
- Debugged user-side and server-side issues, deployed live applications.

## **Web Development Trainee**

*StackUp Learning Hub — Oct 2023 – Apr 2024*

- Completed real-world full-stack development tasks and mini-projects.
- Built responsive UIs, implemented server-side logic, and handled databases.
- Worked collaboratively in Agile sprints and participated in code reviews.

---

## **Key Projects**

### **1. Signup Website – [Live Demo](#)**

*Full-stack form handling with responsive UI*

### **2. Medical Naturo Website – [Live Demo](#)**

*Responsive healthcare site – front-end development*

### **3. Medical Genic Website – [Live Demo](#)**

*Front-end design with clean medical UI*

### **4. School Website – [Live Demo](#)**

*Responsive front-end design for an academic institution*

### **5. React Projects (Links pending)**

*Component-based design, state management, dynamic interfaces*

## 6. UI/UX Design Projects

- **Creamee App, Food App, Orango Brand, ChocoBliss**
  - Prototypes and visual design created using **Figma**
- 

## Achievements

- Deployed 6+ responsive websites using modern web stacks
  - Created high-fidelity UI/UX prototypes using Figma
  - Earned internship based on top performance in hands-on training
  - Demonstrated teamwork and problem-solving in Agile settings
- 

## Languages

- **English:** Fluent
- **Malayalam:** Native
